THE WEATHER

a. As with any place the weather can vary greatly at Shasta Lake:

i. Winter:

1. 30's-50's during the day, 20'-40's at night. Rain is common. Snow is rare. Nice days can be mixed in as high as 60-70 degrees.

ii. Spring:

1. 40's to high 70's/Low 80's during day, 30's to 60's at night. Can get in 90s and even 100 but not common.

2. Sunshine and Rain.

iii. Summer:

1. 70's to 100's+ during day, 70's to 90's at night.

2. Can get to 115 degrees

3. Sunshine 85%+ of the time. Some cloudy days but still warm. Rare thunderstorms.

4. Can be impacted by forest fires in Northern California bringing Haze/Smoke.

5. Water temperature will range from 78 to 98 degrees

iv. Fall:

1. 60's to 90's during day, 40's to 60's at night. Some 100's.

2. Genuinely wonderful time of year in late September and October most of the time. Sunshine and eventually rain.

3. Can be impacted by forest fires in Northern California bringing Haze/Smoke

b. Activities

i. Sunshine:

1. Endless. Boating, Fishing, Swimming, biking, hiking, sightseeing, etc. See website.

ii. Rain:

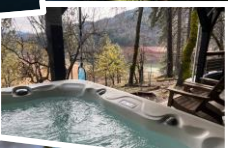

1. Enjoy the view of lake from inside the house (big windows).

a. Relax, sit by the fire, read a book, play a game, and enjoy your family.
